## Principal Pearl M. Warner

Dear Graduates,

As you peruse the pages of the Yearbook Opus '82 your years at John Bowne will come to mind quickly. You will remember teachers, counselors, friends, incidents, accomplishments, all in a flash. You will not then be aware of the deep-rooted influence your high school experience has had on you, or to what extent the knowledge you have gleaned here will be utilized throughout your life.

Perhaps a poem studied in an English class inspired you to achieve some unusual goal. The work of a great scientist may have caused you to pursue a medical career. The gripping words of a famous patriot may have sparked your interest in a career in the service of your country. The influence of a memorable coach may have caused you to seek a career as a professional ball player. Your experiences in the Math Department may have led you to opt for a career in engineering or computer science. Your exposure to foreign languages may have given you the desire to participate actively in the establishment of the One World concept so necessary to our future co-existence.

There is no doubt but that these formative years will stand you in good stead as you become the mature adult who will take his or her place in society.

Your high school has undertaken the task of training your mind and your body, of educating you. Educate—a word that simply means to bring out the best that is in you.

Our faculty joins me in wishing you a bright and successful future. We pray that the years at John Bowne High School were the best of times for you.

Sincerely yours,

Pearl M. Warner

With a great depth of sorrow

*The Best of Times*

We are departing on a journey  
Into an unknown future  
From a past we will always cherish

Friends we have made,  
Joys we have shared,  
Images that will stay  
In our hearts forever

These are days of happiness  
And though we will see many more,  
None will ever fill our hearts  
With such precious memories

Though our paths may never cross again  
And though our lives may be different  
We will always fondly reminisce  
About the Best Of Times

### A THOUGHT FROM MVP

How does it feel- running around, round, round?

How does it feel- watching from upside down?

Cause many years from now there will be new sensations, new temptations and new elations- new  
frustrations- How does it feel?

Do you know what it's like to be searching in your own time- all your attempting- experimenting still  
on the climb

How does it feel- turning away, way, way?

How does it feel- facing another day?

Cause many years from now there will be newer prizes, new horizons, new tomorrows and still some  
sorrows- How does it feel?

Do you know what it's like to be searching and suddenly find all your illusions, all your confusions, all  
left behind

(J. LEA, N. HOLDER)

## Love Sonnet to My Students Jacob C. Solovay

Although I issue to you stern commands,  
 And give you homework as habitual blights  
 That cause you fretful days and cheerless nights,  
 And press upon your brain like tightened bands;  
 Although my zeros, copious as the sand  
 That swirl on beaches in the stormy light,  
 Create in you dark havoc out of fright,  
 And make you seek to fly to other lands;  
 Remember-O remember that my deeds  
 Belie the very action of my heart,  
 As wintry waves conceal the warmer sea  
 In future years, among maturer creeds,  
 And urged by age to a more thoughtful part,  
 Forget my deeds-but O, forget not me!

On behalf of the Physical Education Department, we would like to wish all of the graduating Seniors much success in all their future endeavors
